REPORT DESCRIPTION

Supplement Information

SUPPLEMENT TYPE

Criminal Investigation

NARRATIVE

I'm a San Antonio Police Detective assigned to the Covert Response Unit. On the listed date and time I was notified about a mass casualty event. I arrived driving an unmarked covert vehicle. I spoke with two separate witnesses in regards to the suspected driver of the eighteen wheeler. I obtained the suspects clothing description and relayed the eighteen wheeler license plate information to fellow covert Det. J. Rios. Det. J. Rios using his city laptop developed an potential suspect address. Witness described to me seeing a silver ford pickup truck driving up the same road of the critical incident. Covert detectives arrived at the address and observed a silver ford pickup truck matching the description given. I stayed on scene and continued to coordinate with covert detectives and relaying information to command staff, and investigators on scene.
